

While studying in Canada, government health care plans might not be available to you. And we know that health care costs can be expensive if you're not covered under a Canadian government health insurance plan. An International Students to Canada Travel insurance policy can help you stay protected and safeguard your finances.

## Ideal for international students to Canada who:

- Are registered full-time in a Canadian school, college, university or accredited educational institution
- Are temporary residents of Canada without any government health care coverage
- Have completed their studies and remain in Canada up to a year afterwards to work in the field of their studies
- Would like coverage under their policy for their spouse and dependents living with them

## Features and benefits

- Affordable all-in-one hospital, medical and extended health care solution
- Coverage for pre-existing conditions is available under the Standard + 90 days stable pre-ex Option
- Costs incurred outside of Canada are covered provided the majority of the period of coverage is spent in Canada
- Trips to the United States are limited to 30 days per period of coverage
